

Workshop program

9:00	Introduction to SmartReFlex Introduction to the program	Riccardo Battisti, Ambiente Italia Morten Hofmeister, PlanEnergi
9:05	Strategic Energy Planning <ul style="list-style-type: none"> - Danish experience - Experiences from the SmartReFlex regions - Debate on Planning and Framework, processes and actors 	Louise Langbak Hansen, Central Denmark Region Presentations from regions in Ireland, Italy, Germany and Spain.
10:45	Coffee break	
11:00	Financing – pre-investment support; business plans, tendering procedures	Andreas Piontek, EIB (European Investment Bank), ELENA (European Local ENergy Assistance)
	Financing – equipment	Arash Khaki, EKF, Denmark's Export Credit Agency
12:00	Lunch	
13:00	Project cases – key learning points Replication possibilities	Regional partners: Selected cases
14:00	Smart heat meters, utilization of data	Danny Lykke Stærk, Kamstrup
14:30	Conclusions & perspectives, incl. experiences, synergies and tools in other ongoing EU-financed projects	Riccardo Battisti, Ambiente Italia Morten Hofmeister, PlanEnergi
14:50	Introduction to site visits Danish DH-plants	Kasper Jessen, DDHA
15:00	Site visits	
19:00	Dinner	Sponsored by
22:00	Hotel	

SmartReFlex

Workshop

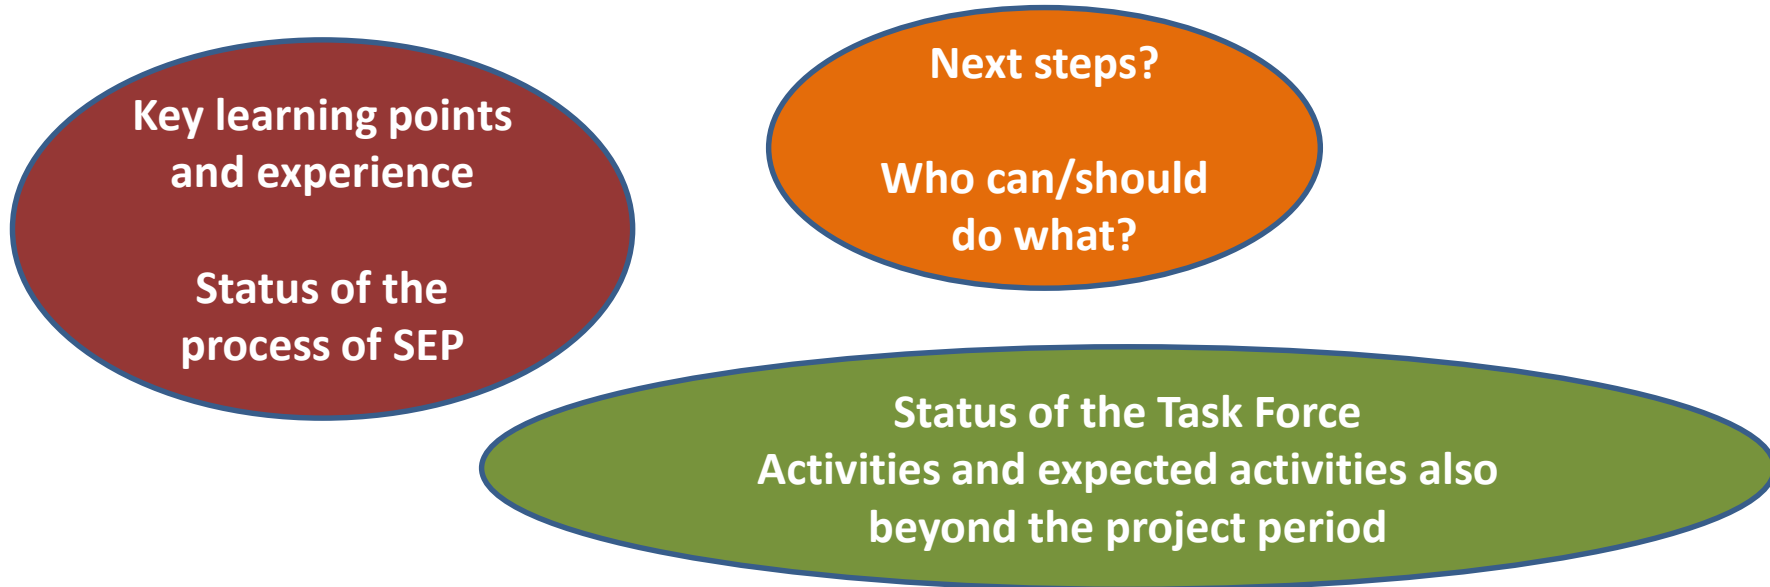

Kolding 24 November 2016

Morten Hofmeister

Strategic Energy Planning

Central Denmark Region	Louise Langbak Hansen
Catalonia	Joan Estrada, Incasol
Emilia-Romagna	Michele Bartolomei, ANCI ER
Baden-Württemberg	Oliver Miedaner, Solites
Schleswig-Holstein	Anna Rohwer, MELUR
Kerry County	Xavier Dubuisson, XD Consulting
Tipperary	Paul Kenny, TEA

Focus on **key points and experience**, including **status** of the process – what are the **next steps?** what are the barriers? **Who can/should do what** (role of different actors including task force members) to promote strategic energy planning and facilitate implementation of specific projects and initiate more projects? Status of the task force - activities and expected activities of the **task force beyond the project period**.

Project cases

Catalonia	Joana Tarres, IREC
Emilia-Romagna	Alice Dénairé
Baden-Württemberg	Sebastian Grimm, AGFW
Schleswig-Holstein	Simona Weisleder, Hamburg Institute
Kerry County	Sandy McSwiney, Kerry County
Tipperary	Paul Kenny, TEA

Focusing on key learning points. Provide an overview of investigated projects, but focus more on one case. What are the **next steps**? **Who can/should do what** to implement the projects? e. What options do you see for **replicability**? If possible, include estimated investment for the selected project(s) and the perspectives for similar projects (replication) including **indication of size of total investments**, climate effect (CO₂-mitigation) and supplied district heating (MWh).

Overview of projects
Key learning points

Next steps?
Who can/should do what?

Options for replicability?

Estimated investment
Indication of size of total investments,
climate effect and supplied district heating
